Dear Dr. McNeil:

**Re: Request No. 19137  
Laboratory Bi-Annual Renewal of Regular Licence  
Licence No. 4092  
Brant Community Healthcare System Laboratory 200 Terrace Hill Street Brantford**

Your request to renew a regular licence, with a renewal date of August 7, 2022 has been assessed and your new regular licence is attached. This licence is issued subject to your compliance with the provisions of the *Laboratory and Specimen Collection Centre Licensing Act (Act)* and Ontario Regulation 45/22.

These provisions permit your laboratory to perform only those tests authorized by the licence. You must submit to examinations of proficiency for each licensed test as specified by Accreditation Canada for as long as the test(s) remain(s) on your licence.

A request for approval must be submitted through the Laboratory Inspection and Licensing Information (LILI) system regarding temporary suspension; or any changes to the service testing menu, licence status and the laboratory director position.

Section 16(3) of the Act indicates that the Laboratory Licensing and Inspection Services may inspect your laboratory at all reasonable times to ensure that the owner/operator is complying with the requirements of the Act and Regulation.

Accreditation Canada is aware of the changes to your laboratory's licence.

Dr. David McNeil

Please ensure that all laboratory staff are made aware of the provisions of the legislation and the required communications.

Thank you for your co-operation.

Sincerely,

Neeta Sarta  
Director of Laboratory and Specimen Collection Centre Licensing
