

**RESEARCH ETHICS COMMITTEE  
RESEARCH PROJECT  
ANNUAL RENEWAL APPLICATION**

This Renewal Form is an application for continuing ethics approval and must be submitted for review and approval prior to the study's expiry date. Ethics approval expires each subsequent year from the day the REC approval was initially granted unless otherwise indicated by the BCHS Research Ethics Committee. Failure to submit this form prior to the expiry date signifies that the study does not have REC approval and all research activities must be suspended. Conducting research without REC approval may result in a notice of non-compliance involving corrective action, up to and including, termination of the research study.

*Please provide a copy of the renewal approval letter from the University Research Committee or Review Board or other academic affiliate.*
