

BCHS

Volunteer

CATHY
MANN

47

years ago Cathy Mann was looking for a new experience and a way to give back to her community. She chose the Brantford General Hospital as it was a place where her family had always been well cared for. Cathy currently volunteers two days a week and enjoys interacting with the public in her roles in Ambulatory Care and the People and Resources Navigator program. Her experience as a volunteer even inspired her children to volunteer, as her son Jeff is a volunteer in the Emergency Department.

When she's not volunteering Cathy enjoys spending time with her husband Art, her 3 children, 9 grandchildren and 6 great grandchildren. Cathy is also a duplicate bridge player and was previously a member of a basketball team that was inducted into the Brantford Sports Hall of Fame.

Thank you Cathy for 47 dedicated years as a BCCHS volunteer!
